

ADVOCATES EXCESS PROFITS TAX OF EIGHTY PER CENT

Heavy increases in war taxes, with an excess profits tax as high as 80 per cent, are proposed by a special committee on financing the war of the Chamber of Commerce of the United States in a report just sent out to the chamber's membership for a referendum vote.

Repeating earlier declarations against special profits arising out of the war, emphasizing anew the necessity of economy and elimination of waste and extravagance, and quoting the committee's statement of last year regarding the advantages of heavy taxation in war time, the report presents eleven specific recommendations as follows:

That exemptions allowed before war taxes are imposed should be adequate for the safe conduct of business enterprises, and that power to make adjustments that will prevent inequities should be given to the administrative authority under the tax law.

That liberal provisions for amortization of plant used upon war work should be made, with opportunity for subsequent readjustment to correct errors.

That there should be a limited number of regional boards of review, appointed by the administrative authority and making recommendations upon appeals from preliminary assessments.

That there should be equalization of Federal taxes.

That in computing taxable income, corporations should be allowed to make two deductions (interest and charitable gifts) which they are now denied.

On condition that proper exemptions and opportunities for adjustment are allowed, that a war profits tax should be imposed at a high rate, and should be levied when it would exceed the excess-profits tax.

That upon the present general basis but with inequalities removed, the excess profits tax should be increased.

That rates of income taxes should be increased and unearned incomes should be taxed at least as much as earned.

Heavy taxes upon a few articles of widespread consumption.

Heavy taxes upon a selected list of luxuries.

\$1,000 W. S. S. CLUB

SEEKS 1,000 MEMBERS

"The \$1,000 Club" of the War Savings Stamps Committee, of which Charles J. Bell, president of the American Security and Trust Company, is president, is making a concentrated drive which has as its object the attainment of the club's set quota of 1,000 members. With the 400 mark already in sight, every effort is being made to swell this number to the limit. Substantial assistance in this direction has been given by H. Grosvenor, president of the National Geographic Society, who has enlisted nearly 100 members of his society in the movement.

A systematic canvass is also being made of "the dollar-a-year" men, the term applied to the many patriotic men of "big business" who have donated their services to the Government for the period of one year. The canvass is being made by the National Geographic Society, who have enlisted nearly 100 members of his society in the movement.

GERMAN PAPER DENIES SEIZURE OF U.S. PROPERTY

AMSTERDAM, July 15.—Formal denial is made by the Cologne Gazette of statements attributed to Lee Bradley, counsel for the American custodian for foreign property, regarding the ruthless liquidation of American property in Germany. The newspaper says:

"It is a crying shame the way enemy aliens are permitted to go freely about the lucrative business here and not only those who personally profess good will toward us, but those who brazenly flaunt the American flag."

The Cologne Gazette calls on the government to "have this matter placed in a proper light both here and in America."

GLEN ECHO. Washington's popular bandmaster, Antonio Celio, registered a hit yesterday with the thousands who went to Glen Echo Park in search of diversion. His four concerts were all played to "full houses," and every number was enthusiastically applauded.

The return of real summer weather made the charms of Glen Echo doubly attractive, and as a result, the season's biggest crowds thronged the grounds and "took in" all of the dozens of amusement devices.

Every week night there will be dancing to the music of the ten-piece orchestra in the big pavilion. There is no charge for admission to the resort and outing parties are always welcome.

MARSHALL HALL. Marshall Hall, with its diversified amusements, proved the mecca for many excursionists yesterday. Dancing on the riverside pavilion, said to be the largest structure of its kind in this section, seemed to be the favored attraction, although the other concessions received their full share of the patronage. In the evening, many took advantage of the opportunity of the trip to Indian Head, which the steamer Charles Manaster made, after discharging its passengers for the Hall. These trips are being made nightly, and always prove a strong drawing card to those to whom a long ride on the water is a compelling attraction.

\$1.50 and \$1.75 "Sunfast" Holland Window Shades, 79c

It is only possible now because of an unexpected purchase of a maker's surplus—these famous "Sunfast" Holland Window Shades stand for big values—these are kinds we make to order at \$1.50 and \$1.75 each, and if you expect to need new shades this season or next season, now is the time to buy them at this saving.

The colors are olive, Spanish olive, beige, French sage, olive green and natural linen color. They are 32½ inches in width of cloth and 24-inch roller measure; full 6 feet long; all have "zig-zag" attached hem and are mounted on guaranteed spring rollers. Complete with all fixtures and crochets ring to match.
